## An introduction about the ATMS –

◎ The self learning system includes the following:

1. Reading books
2. Playing Educational Games
3. Hands on practice on the use of computer
4. Direct participation and use of social communication networks such as Skype

Discussion with the Guests about some key topics.

How the students are educated by the institute.

Number of children and What the children think about the institute.

Explaining to the guests – the uses of seminar room .

- The seminar room is being used
  1. To Read books
  2. To Play games such as
    - a) Cross word/Scrabble
    - b) Chess

Further the slide show of Cross Word competition held 08th of march, 2014 among the children was also shown to the guests. They encouraged the children to participate in such competitions saying it would be a motivating factor to learn English

The news letter of “Sharing with new mothers in Vaddukoddai, Sri Lanka.” – highlighting another service provided by ATMS was shared with the guests.

- Due to the efforts of Ms.Dushyanti Rajendiran Pitchumani of Sydney, Australia, ATMS was able to share some moments of common happiness with pregnant women of Vaddukoddai, on 17 February 2014.
- Baby needs items and other baby care items were provided to the pregnant mothers during this event. The event was facilitated by Medical Officer of Health, Chankanai – Dr.S.Mohankumar and coordinated by Mrs.Thiruchelvi Indrakumar of Thunaivi – herself a mother of two.

At this stage we were joined by Mrs.Thilakavathy Canagasundaram and a neighbor

Arrival of Mr.Jeevan – Jaffna Cordinator

Students of our institute are introducing themselves to the guests in English.
